**Product:** Compass Spot

**Compass Spot**

Compass Spot is a range of spotlights and floodlights for interior installation on three-circuit track systems. They are manufactured entirely in moulded aluminium, with a powder paint finish.

Optical housing with a horizontal adjustment range of 90°, aluminium radiator on the lamp socket and a screwing ring of black thermoplastic material.

A wide range of easily fitted accessories increases the possibilities of Compass; wall- and ceiling mounts, honey-comb louvers, screening elements, filters, lenses, etc.
