FORM

FORM

Knud Holscher Design developed the concept for 2 exhibitions named FORM, shown at Brænderigården in Viborg, and at the Danish Museum of Art & Design in Copenhagen.

At both locations, the concept with crumpled paper, printed paper, and floating panels with photographs was employed.

The exhibitions were retrospectives on Knud Holscher Design, arranged for the occasion of Knud Holscher's 75th birthday.

Client:

Brænderigården i Viborg+
Kunstinstrimuseet i
København

Product: Form
