Holmegaard

Client:

Holmegaard

Product: Gracious

Gracious

Gracious is a series of vases designed for the Danish glass manufacturer Holmegaard, founded in 1825.

The vases in clear glass are blown by mouth and polished/ground.

The shape of the vase has its origin in a sculptural and playing universe, but it also associates with the soft shapes of the 1950s.

Gracious is manufactured in 3 sizes:

h 200mm/w 175mm,
h 250mm/w 219mm, and
h 300mm/w 263mm.
